## CHAPTER VII.

AN ACT for making good Deficiencies & for preserving the Publick Credit.

*En. Parl.*  
I show, p. 8. n. 5.  
Reasoning that the  
Sum of fifty thousand  
pounds will be  
sufficient to  
discharge the  
outstanding Bills  
of Credit upon  
Government, and  
Interest thereon.

**W**HEREAS several Bills of Credit commonly called Exchequer Bills were made forth and issued by divers Acts of Parliament which were made and passed in the Reign of His late Majesty King William the Third (of blessed Memory) and many of the said Bills have been already discharged out of the second [Aids] and Supplies which were provided by several Acts of Parliament for or towards the discharging and cancelling the same But ever and above the Moneys already applied towards the discharging and cancelling the said Bills and over and [above the] Moneys which are yet to arise from the said Aids or Supplies formerly provided for that Purpose it is computed that there is and will be wanting the Sum of Five hundred and threescore thousand one hundred sixty five Pounds Four Shillings and Seven Pence Farthing to discharge all the Principal Moneys contained in such of the said Bills as are now standing out and unsatisfied and so much more as will be sufficient to discharge all the Interest due and to grow due thereupon.

*II.*  
And that the said  
Tax of Six p. 8. n. 5.  
will, as it is, be  
sufficient to satisfy the  
Interest due on the  
Credit thereof.

And whereas it appears that the Pound Rate or Land Tax of Three Shillings in the Pound granted to His said late Majesty by an Act of Parliament in the Eighth Year of His said late Majesty's reign hath not been sufficient to satisfy all the Loans which were made upon the Credit of the same Pound Rate or Land Tax and that ever and above all Arrears of the said Pound Rate not yet recovered there is and will be deficient and wanting to discharge all the Principal Money to wit the Sum of Four hundred and threescore thousand seventy nine Pounds and so much more as will be sufficient to discharge the Interest after the Rate of Eight Pounds per Centum per Annum due and to grow due thereupon.

*III.*  
The like Reasoning  
as to the Duties of  
Salt & W. III. c. 5.

And whereas the Duties upon Paper Pastboard Wines and Packhouses which were granted to His late Majesty for Two Years from the First Day of March One thousand six hundred twenty six by an Act passed in the Eighth Year of His said late Majesty's reign did prove insufficient to satisfy all the Moneys which were borrowed upon Credit of that Act so that there is deficient and wanting the Sum of Fifteen thousand four hundred Pounds to discharge all the Principal Moneys so borrowed and so much more as will satisfy the Interest due and to grow due for the same after the Rate of Eight Pounds per Centum per Annum.

*IV.*  
Reasoning that the  
Sum of fifty thousand  
pounds will be  
sufficient to  
discharge the  
outstanding Bills  
of Credit upon  
Government, and  
Interest thereon.

And whereas several Tickets were made forth and issued by virtue of an Act made and passed in the Eighth Year of the Reign of His said late Majesty whereby certain Duties were laid upon Hops and other Things therein mentioned and many of the said Tickets have already been discharged out of the same Duties or otherwise but it is computed that there is deficient and wanting to discharge all the Principal Moneys contained in such of the said Tickets as are now standing out and unsatisfied the Sum of Five hundred seventy nine thousand and sixty Pounds besides what will be necessary to discharge the Interest due and to grow due upon the said unsatisfied Tickets or such of them as do bear Interest after the Rate of six Half Pence per Decem for each Ten Pounds thereof.

*V.*  
And that the said  
sum of fifty thousand  
pounds will be  
sufficient to  
discharge the  
outstanding Bills  
of Credit upon  
Government, and  
Interest thereon.

And whereas it is evident that the Duties upon Leather which were granted to His said late Majesty by an Act passed in the Eighth Year of His said late Majesty's reign for Three Years from the Twentieth Day of April One thousand six hundred and ninety seven and which were thereby appropriated to and for the Payment of so much as then remained unpaid of the Sum of Five hundred sixty four thousand seven hundred Pounds formerly lent upon certain Duties upon Cloth and other Things therein mentioned and the Interest thereof have not been sufficient for that Purpose so that there is wanting to discharge the Principal Money still remaining unpaid of the Sum last mentioned the Sum of Five hundred and Four thousand four hundred sixty eight Pounds besides the Interest thereof due and to grow due after the Rate of Seven Pounds per Centum per Annum And that the Moneys granted to His said late Majesty by the Act passed in the Ninth Year of His said late Majesty's reign for an Aid by a Quarterly Poll for One Year including therein such Arrears of the said Poll as are still recoverable do not extend to satisfy all the Principal Moneys which were borrowed upon the same Act by the Sum of Two hundred and twelve thousand seven hundred and seventy Pounds Seventeen Shillings which with the Interest thereof due and to grow due after the Rate of Eight Pounds per Centum per Annum are and will be likewise deficient And that the Moneys granted to His said late Majesty by the Act passed in the Tenth Year of His said late Majesty's reign for granting the Sum of One million four hundred eighty four thousand and fifteen Pounds One Shilling and Eleven Pence Three Farthings for

defunding the Army providing for the Navy and for other necessary Occasions whereupon a Credit was given for any Sum not exceeding One million four hundred thousand Pounds to be repaid with Interest when the Rate of Seven Pounds per Cent per Annum here set continued to pay off all the Monies borrowed upon the same Act and the Interest thereof has that there is a Deficiency of Twenty five thousand eight hundred and twenty three Pounds Two Shillings and Nine Pence which together with all Arrears of the Aid last mentioned are yet remained are wanting to clear off the Remainder of the Principal Monies so borrowed besides what shall be necessary to discharge the Interest of the same

And whereas at Merchants One thousand seven hundred and one the Sum of Seventy thousand eight hundred seventy two Pounds Eleven Shillings and One Penny Half Penny was wanting to complete the Payments then due and incurred for and upon the yearly Sum of One hundred and sixty thousand Pounds which by an Act passed in the Ninth Year of His said late Majesties Reign was intended to be paid out of certain Duties upon Salt and upon Stamped Velum Parchment and Paper for the Purpose therein mentioned and ought to have been made good in pursuance of the same Act all which said Sums of Money so reckoned to be deficient or wanting to pay off the Principal Money borrowed as aforesaid or contained in the said Exchange Bills and Salt Tickers do amount in the whole to the Sum of Two millions [three hundred] thirty eight thousand six hundred twenty eight Pounds Fifteen Shillings and Five Pence Three Farthings besides the Interest due and to grow due as aforesaid We Your Majesties most dutiful and loyal Subjects the Commons of England in Parliament assembled being desirous to raise such Aids and Supplies as may make good the said Deficiencies and preserve the Publick Credit do cheerfully and unanimously give and grant to Your Majesty the Supplies hereinafter expressed and therein mentioned for the Terms herein after expressed and do most humbly beseech Your Majesty to accept thereof and that it may be enacted and be it enacted by the Queens most Excellent Majesty by and with the Advice and Consent of the Lords Spiritual and Temporal and Commons in this present Parliament assembled and by the Authority of the same That the *Raidies* of Tonnage and Poundage and other Sums of Money payable upon Merchandises exported and imported which were given and granted unto His late Majesty King Charles the Second for His Life by an Act of Parliament made in the Twelfth Year of His Reign intitled A Subsidy granted to the King of Tonnage and Poundage and other Sums of Money payable upon Merchandises exported and imported and which by several Acts of Parliament since made have been granted for several Terms and are to continue until the First Day of August One thousand seven hundred and six shall be further continued to Her Majesty Her Heirs and Successors from the last Day of July which shall be in the Year of our Lord One thousand seven hundred and six until the First Day of August which shall be in the Year of our Lord One thousand seven hundred and ten and no longer And that the said Act made in the Twelfth Year of the Reign of King Charles the Second and every Article Rule and Clause therein mentioned and also an Order of the Commons in Parliament assembled in pursuance of the Rules and Orders annexed to the aforesaid Act for settling of Officers Fees dated the Seventeenth Day of May One thousand six hundred sixty two and signed by Sir Edward Turner then Speaker shall be of full force and effect to all intents and Purposes until the said First Day of August One thousand seven hundred and ten so fully and in like Manner as if the same were particularly and at large [see down and recited] in the Body of this Act

Providem always and he *E* further enacted by the Authority aforesaid That an Act of Parliament made in the Twelfth Year of the Reign of the said King Charles the Second intitled An Act to prevent Frauds and Concealments of His Majesties Customs and Subsidies is also an Act made in the Fourteenth Year of the Reign of the said late King Charles the Second intitled An Act for preventing Frauds and regulating Aliens in His Majesties Customs And also an Act made in the Two and twentieth Year of the said late King Charles the Second intitled An Act for the Improvement of Tillage and the Breeds of Cattle And also one other Act made in the Five and twentieth Year of the Reign of the said late King Charles the Second intitled An Act for taking off Alien Duties upon Commodities of the Growth Product and Manufacture of the Nation And also one other Act made in the [said] Five and twentieth Year of the Reign of the said late King Charles the Second intitled An Act for the encouragement of the Greenland and Eastland Trades and for the better securing the Plantation Trade And also one other Act made in the First Year of the late King James the Second intitled An additional Act for the Improvement of Tillage And one Act made in the Eighth Year of [the Reign of] His said late Majesty King William the Third intitled An Act for increasing the Duty upon Tin and Pewter exported and granting an Equivalent for the same by a Duty upon Druggs And another Act of the Ninth Year of His Reign for increasing His Majesties Duties upon Lattings and Almshouses And one Act made in the Eleventh Year of the Reign intitled An Act for taking away the Duties upon the Woollen Manufactures Coats Girds Breeches and Mail exported And all the Clauses and Directions whatsoever contained therein or in any other Act or Acts of Parliament now in force concerning the said Subsidy of Tonnage and Poundage and other Sums of Money upon Merchandises exported and imported which were granted in the Twelfth Year of the Reign of King Charles the Second as aforesaid shall be of full force and effect until the said First Day of August which shall be in the Year of our Lord One thousand seven hundred and ten.

And it is hereby further enacted That the Proportions of the said Money which shall be so distributed or placed to the Funds for the cancelling and discharging the Principal and Interest of the said Exchequer Bills shall be applied to that Use in such Manner as the Commissioners of the Treasury or any Three or more of them or the High Treasurer for the Time being shall in that Behalf direct and appoint. And whereas several Fishermen who used the North Sea Fishery did in the Year One thousand seven hundred ship several Quantities of Salt at North and South Shields near Newcastle upon Tyne giving Bonds for the Duties thereof and then exported the said Salt to the North Sea where they spent it<sup>1</sup> in curing and salting of Fish caught in those Seas believing that upon Affidavit of shipping off the said Salt and its not being retailed in England or Wales they might be intitled to a Drawback of the Duties which some other Fishermen in the like Case had obtained as if such Salt had been actually exported to Parts beyond the Seas and upon bringing Home their said Fish sold the same to several Retailers at Home Markets at a low Price accordingly. Now forasmuch as such Fishermen might be ignorant that they were liable to pay the said Duties notwithstanding such Salt was spent in curing of Fish and they not being enabled by the Price thereof to pay the same a Prosecution upon such their Bonds would ruin them and their Families For Prevention whereof upon due Proof to be made before the Commissioners for the Excise or Salt Duties that such Salt so shipped off was by them spent in curing and salting of Fish caught in the North Sea that the said Fish was afterwards sold to Retailers at Home Markets at a low Price and that no Drawback or Allowance has been already made or paid by the said Commissioners for the Excise or Salt Duties it is enacted by the Authority aforesaid That all such Bonds as were so given at North and South Shields near Newcastle for the Duties of such Salt so expended as aforesaid and for which no Drawback or Allowance has already been made upon Expedition thereof shall be and the same are hereby made and declared void and of none Effect And the Commissioners for the Excise or Salt Duties for the Time being are hereby empowered and directed to cancel or deliver up<sup>2</sup> the same to the respective Persons therein concerned who shall deliver such Bonds as any of them and that Prosecutions at Law upon the said Bonds do cease and determine.
